Documentation To Do

- Status Updates
- Development Log
- 14 Nov 2/5
- DONE! Software Development Plan
- Features
- 12 Nov 4/4
- DONE! Software Development Plan
- User Interaction and Experience
- 12 Nov 3/3
- DONE! Software Development Plan
- Statement of Purpose and Scope
- 12 Nov 4/4
- DONE! Software Development Plan
- Control Flow Diagram
- 12 Nov 2/2
- Help file
- Help File
- 19 Nov 0/4
- + Add another card

Doughnuts

- DONE! Feed function
- 16 Nov 5/5
- DONE! Play function
- 16 Nov 5/5
- Pat function
- 16 Nov 6/6
- User can exit app at any time
- 16 Nov
- DONE! User to be directed back to menu screen each time a selection is made
- 16 Nov
- GEM ASCII Art
- 16 Nov 0/8
- Error screen
- 17 Nov 0/2
- git commit and push
- 20 Nov 4/20
- DONE! Git init & GitHub init
- 12 Nov
- + Add another card

Code Doing

- + Add a card

Bugs

- When parsing data from the command line to ARGV, the following error occurs for gets.chomp used further in the code
- App exits
- + Add another card

Sprinkles

- Sound
- Decrement feed when play is selected
- Option to return to menu screen at any time
- Options to choose what to feed BotDog
- GEM Animated art
- GEM Random name generator for BotDog
- Make BotDog do a trick
- GEM Colorize options
- Add borders to make the app look more like a tamagotchi screen
- + Add another card

+ Add another list
